

Voters of Border State Endorse Wilson's Mexican Policy

PRESIDENT WILSON

Springfield Republican, Ind. Rep. There is no state in the Union that has the interest and concern in Mexico as Texas has. The Mexican issue, in so far as it is the political issue, the administration's opponents would have it rated in the public mind, has now been voted on in Texas in the only elections that count for anything whatever in a state where substantially the whole population belong to one party. Issues in Texas are always fought out in the democratic primaries and there was not lack of agitation of Mexican affairs in the preliminary canvass this year.

LES D'ARCY WILL NOT GO TO WAR

Melbourne, Australia, Sept. 16.—Les D'Arcy, the Australian middleweight fighter, conqueror of McGoorty and Clabby, won't go to war just yet, it is learned today. Les tossed up his fighting contract recently and proclaimed himself ready for the ranks, but his mother put her foot down on the plan. That ended it. Les won't join. Meantime he'll argue with Mother.

London public to a high pitch of enthusiasm.

Use Armored Motor Cars.

How large a part the new armored motor cars are playing in the present British advance is not yet known but military critics believe this new war terror has wrought havoc among the Germans. Dubbed the "Willies" by the British Tommies, the new cars present a terrifying appearance when going into action.

The first stroke carried the British through Fours wood and into the outskirts of Flers village. Sharp bayonet and grenade fighting drove the German machine gunners from their last positions behind the ruins of the town and Flers was in the possession of the attackers shortly before noon.

The hardest fighting occurred on the wings. The Germans clung tenaciously to Sourelette, because of its position on the bank of Thiépval. Driven out of the village by a powerful sweep, they re-formed about the cemetery at the northern outskirts and attacked time and again yesterday evening in efforts to recapture the town.

Near Martinpuich, a ruined mill had been converted into a strongly fortified position from behind which the Teutons launched successive counter attacks.

German Loss is Heavy. Paris, Sept. 16.—German attacks both north and south of the Somme were repulsed by the French last night, it was officially announced today.

North of the Somme, the French consolidated new positions and repulsed a German attack east of Clercy, taking individual prisoners. South of the river the Germans attempted to attack east of Henry but were checked by French screen fire.

Four hundred prisoners were taken in yesterday's fighting. To illustrate the heavy German losses, the war office reported that in a single trench 80 German corpses were found.

In addition to the nine German aeroplanes previously reported shot down yesterday, six others were defeated and fell behind their own lines.

Kaiser Wins Victory. Berlin, via wireless to Sayville, L. I., Sept. 16.—Kaiser William telegraphed the empress last night that the troops for the central powers have inflicted a severe defeat of the Russo-Rumanians.

An official statement issued at Bucharest last night admitted that the Russian and Rumanian were retreating northward in the Dobruja, before the enemy's advance.

Naval Battle Reported.

London, Sept. 16.—Russian and German naval forces have been engaged in the Gulf of Bothnia north of Aland Islands, said a Stockholm dispatch to the Morning Post today. Heavy firing was heard along the Swedish coast but because of a heavy fog, it was impossible to observe the fighting closely.

Zaimis Quits Job.

London, Sept. 16.—Premier Zaimis has finally declined to attempt to reform the Greek cabinet and has suggested to King Constantine that ex-Premier Venizelos, leader of the pro-ally party be invited to head the new ministry, said an Athens dispatch to the Evening Star today.

The New Premier.

London, Sept. 16.—M. Calogoropoulos has been entrusted with the formation of a new Greek cabinet, said a Reuter dispatch from Athens today.

Allies Take Position.

London, Sept. 16.—Russian and French troops, co-operating with the Serbians are reported to have recaptured the important Greek town of Florina, from the Bulgars, said a Central News dispatch from Salonika today.

Serbs Driving Bulgars.

Salonika, Sept. 16.—Victorious Serbian troops are driving the defeated Bulgars in disorderly retreat back toward the Serbo-Greek frontier in the direction of the Serbian town of Monastir, said a Serbian official statement issued here today.

British Cross the Struma.

Salonika, Sept. 16.—British troops have crossed the River Struma and are attacking the Bulgarians at Draminab, Komadja and villages along the upper and lower Guleh, it was officially announced today. Artillery duels are going on along the Doiran front.

Austrians Lose Heavily.

Rome, Sept. 16.—Italian troops are now on the offensive on the whole Isonzo front from Gorizia to the sea and the Austrian line has been broken at several places. Austrian losses in two days of fighting are said to exceed 10,000.

Berlin Admits Retreat.

Berlin, Sept. 16.—A further retreat by the Bulgarian right wing in northern Greece was officially admitted by the German war office this afternoon. At the same time announcement was made that German, Bulgarian and Turkish forces are pursuing the Russian and Rumanians in the Dobruja, after securing a decisive victory.

Italians Capture Summit.

Rome, Sept. 16.—Italian troops have captured the summit of Monte Caurios, San Grado height and large Austrian entrenchments near Loquiza, east of Oppachezzella in their new drive, it

Silverton Man Crazy By Religious Frenzy Black Preacher Mobbed

E. S. Johnson was taken to Salem Tuesday afternoon in a raving mania and committed to the state hospital, after having attempted suicide at about one o'clock.

Mr. Johnson's mental condition is supposed to be the result of having attended the meetings conducted in a tent near the Southern Pacific depot by a colored preacher. The first indication of insanity is said to have been noticed Monday afternoon, when he is alleged to have assaulted his brother-in-law, Mr. Iverson, and made threats against his wife.

A few minutes before one o'clock Tuesday afternoon neighbors heard Johnson yelling in his garage back of his house on the corner of Water and A streets. Soon the doors sprang open and his Ford backed out upon the street at a rapid rate of speed. At the opposite of A street he reversed the machine and turned west toward Water street. Then running at the car's highest speed he tore up both hands and yelled, "Glory to God; I'm going to hell in my little Ford. The car crossed Water street, bumped over the main line and sidewalk and ran full force against a large oak tree in Phil Hicks' front yard. The radiator was broken in, the wind shield broken to pieces and other damage inflicted, but Mr. Johnson remained in the seat until he was taken out by Chas. Ramsby and others. The episode was witnessed by several people who were on the street at that time. The unfortunate man sustained a deep gash in one leg, his face was lacerated and blood was pouring from his mouth indicating that he was injured internally. He was taken to his home and Dr. Keene was called and afforded prompt relief by taking him to Salem.

The affair has created a bitter feeling toward the so-called evangelist, who is responsible for Mr. Johnson's condition, and a company of business men numbering twenty five or thirty called upon the colored individual Tuesday afternoon and invited him to leave town. This he consented to do, but after further consideration and a conference with Justice of the Peace J. M. Brown and some of the sisters he decided to measure the strength of the vigilance committee and proceed with the meetings. When it was learned that the "brother" did not fulfill his promise to leave town on the 5-15 train, a stronger committee of men called upon the source of indignation and frankly informed him not to open a meeting. The colored man said he would not, and his expression of countenance indicated that he thought his safety depended upon a prompt compliance with the request. His assistant defied the whole aggregation of citizens and said, "We can preach Jesus Christ when and where they pleased." This started a riot and conditions began to look serious. After having received a severe beating from two or three men the preachers were both loaded into a car which started for Salem. Before reaching that place, however, it was agreed that if he would be allowed to return and pick up his belongings that the company would depart. They were allowed to return, pull down their tent and another car was engaged to take the "saintly" men to a nearby station on the main line of the Southern Pacific. The tent is stored in the Nicols feed barn.

When the committee called at the tent Tuesday evening a Mrs. McKee and two other women were apparently entertained by the whole aggregation of citizens and it is said that he has been in the habit of receiving women visitors at the tent from time to time. Acting as speaker, Mrs. McKee manipulated "tongues of fire" in informing the citizens that the curse of God would fall upon them.—Silverton Tribune.
